CRAFTING_SYSTEM.md

Crafting, Profession and Production System

Version 0.1

1. DESIGN PHILOSOPHY

Crafting is not a menu.

Crafting is knowledge.

The player learns:

- techniques;
- materials;
- tools;
- secrets.

Mastery requires years of practice.

2. CRAFTING PROFESSIONS

Major professions:

- blacksmithing;
 - armorsmithing;
 - leatherworking;
 - woodworking;
 - alchemy;
 - cooking;
 - enchanting;
 - engineering;
 - medicine;
 - rune crafting.
-

3. LEARNING PROFESSIONS

Professions require:

- teacher;
 - tools;
 - practice;
 - materials;
 - knowledge.
-

4. SKILL LEVELS

Untrained ↓ Apprentice ↓ Journeyman ↓ Expert ↓ Master ↓ Legend

5. BLACKSMITHING

Allows creation of:

- swords;
- axes;
- daggers;
- armor;
- tools.

Requirements:

- forge;
 - hammer;
 - materials.
-

6. ARMORSMITHING

Allows creation of:

- helmets;
 - plate armor;
 - shields;
 - chainmail.
-

7. LEATHERWORKING

Allows creation of:

- leather armor;
 - belts;
 - bags;
 - boots.
-

8. WOODWORKING

Allows creation of:

- bows;
 - arrows;
 - staffs;
 - furniture.
-

9. ALCHEMY

Allows creation of:

- potions;
 - poisons;
 - medicine;
 - magical substances.
-

10. COOKING

Allows creation of:

- meals;
- preserved food;
- survival supplies.

Food quality matters.

11. ENCHANTING

Allows creation of:

- magical weapons;
 - magical armor;
 - artifacts.
-

12. MEDICINE

Allows:

- treatment;
 - surgery;
 - disease research.
-

13. RUNE CRAFTING

Allows creation of:

- runes;
 - magical seals;
 - wards.
-

14. RESEARCH

Players may research:

- materials;
 - recipes;
 - techniques.
-

15. RECIPES

Recipes can be:

- learned;

- discovered;
 - invented.
-

16. EXPERIMENTATION

Experimentation may:

- succeed;
 - fail;
 - create new discoveries;
 - cause disasters.
-

17. MATERIAL QUALITY

Examples:

Poor ↓ Common ↓ Fine ↓ Masterwork ↓ Legendary

18. TOOL QUALITY

Tools affect:

- success;
 - speed;
 - quality.
-

19. WORKSHOPS

Examples:

- forge;
 - laboratory;
 - kitchen;
 - workshop.
-

20. TIME

Crafting requires time.

Examples:

Arrow: minutes.

Sword: days.

Artifact: months.

21. FAILURE

Failure causes:

- wasted resources;
 - broken items;
 - injuries;
 - accidents.
-

22. MASTERPIECES

Rarely, craftsmen create masterpieces.

Properties:

- unique appearance;
 - bonuses;
 - historical value.
-

23. ITEM SIGNATURES

Crafted items record:

- creator;
 - date;
 - location.
-

24. REPAIR

Players may repair:

- weapons;
 - armor;
 - tools.
-

25. DISASSEMBLY

Items may be dismantled.

Recovered materials vary.

26. RESOURCE PROCESSING

Examples:

Ore ↓ Ingot ↓ Weapon

Hide ↓ Leather ↓ Armor

27. MAGIC CRAFTING

Requires:

- magical knowledge;
 - rare materials;
 - rituals.
-

28. DANGEROUS CRAFTING

Examples:

- explosives;
- forbidden rituals;
- cursed artifacts.

29. CRAFTING INJURIES

Possible injuries:

- burns;
- poisoning;
- fractures.

30. ECONOMIC VALUE

Crafting quality affects:

- price;
- reputation;
- demand.

31. APPRENTICES

Players may eventually train apprentices.

32. NPC CRAFTING

NPC craftsmen:

- improve;
- fail;
- invent.

33. SECRET TECHNIQUES

Some techniques are:

- hidden;
 - forbidden;
 - lost.
-

34. LEGENDARY CRAFTING

Legendary craftsmen create:

- artifacts;
 - historical items.
-

35. PLAYER BUSINESS

Players may own:

- workshops;
 - smithies;
 - laboratories.
-

36. STONE SLEEP

During Stone Sleep:

- workshops evolve;
 - apprentices learn;
 - businesses grow or fail.
-

37. AI-DM INTEGRATION

AI-DM generates:

- discoveries;
 - accidents;
 - opportunities.
-

38. NPC MEMORY INTEGRATION

NPCs remember:

- craftsmanship quality;
- failures;

- famous creations.
-

39. HISTORY

Legendary items become part of history.

40. CORE RULE

Crafting is not manufacturing.

Crafting is mastery.
