Magic System Design Document

Version 0.1

1. DESIGN PHILOSOPHY

Magic is not a superpower.

Magic is:

- dangerous;
- difficult;
- expensive;
- unpredictable;
- feared.

Every spell has consequences.

2. WHO CAN USE MAGIC

Not everyone can become a mage.

Requirements:

- talent;
- training;
- knowledge;
- willpower.

Some people can never learn magic.

3. LEARNING MAGIC

Magic cannot be learned automatically.

Requirements:

- teacher;
 - books;
 - artifacts;
 - rituals;
 - practice.
-

4. MAGIC ATTRIBUTES

Magic depends on:

- Intelligence;
 - Willpower;
 - Knowledge;
 - Experience.
-

5. MANA

Mana represents:

- mental energy;
- spiritual stability;
- magical endurance.

Mana regenerates slowly.

6. MAGIC EXHAUSTION

Excessive casting causes:

- fatigue;
 - pain;
 - hallucinations;
 - unconsciousness;
 - death.
-

7. MAGIC SCHOOLS

Fire

Specialization:

- destruction;
 - heat;
 - explosions.
-

Frost

Specialization:

- control;
 - slowing;
 - defense.
-

Nature

Specialization:

- healing;
 - animals;
 - plants.
-

Arcane

Specialization:

- pure magic;
 - teleportation;
 - manipulation.
-

Spirit

Specialization:

- souls;
 - memories;
 - emotions.
-

Blood

Specialization:

- sacrifice;
 - life force;
 - corruption.
-

Shadow

Specialization:

- fear;
 - darkness;
 - deception.
-

8. SPELL LEARNING

Methods:

- teachers;
 - books;
 - ruins;
 - artifacts;
 - experimentation.
-

9. SPELL TIERS

Novice ↓ Apprentice ↓ Adept ↓ Master ↓ Archmage

10. SPELL CASTING

Formula:

D20

+ Magic Skill

+ Willpower

+ Modifiers

11. CRITICAL SUCCESS

Possible effects:

- stronger spell;
 - reduced cost;
 - bonus effect.
-

12. CRITICAL FAILURE

Possible effects:

- explosion;
 - injury;
 - madness;
 - corruption;
 - death.
-

13. MAGIC CORRUPTION

Frequent use creates corruption.

Stages:

Pure ↓ Touched ↓ Corrupted ↓ Mutated ↓ Lost

14. SPELL COMPONENTS

Some spells require:

- words;
 - gestures;
 - materials;
 - sacrifice.
-

15. RITUALS

Rituals may require:

- multiple casters;
 - preparation;
 - rare materials;
 - specific locations.
-

16. HEALING MAGIC

Healing has limitations.

Cannot always:

- restore limbs;
 - remove trauma;
 - reverse death.
-

17. NECROMANCY

Necromancy exists.

Consequences:

- corruption;
 - social rejection;
 - spiritual damage.
-

18. ILLUSIONS

Illusions affect:

- perception;
 - memory;
 - emotions.
-

19. ENCHANTMENTS

Magic can enhance:

- weapons;
 - armor;
 - artifacts.
-

20. CURSES

Examples:

- weakness;
 - nightmares;
 - bad luck;
 - transformation.
-

21. BLESSINGS

Examples:

- courage;
 - health;
 - resistance;
 - protection.
-

22. SUMMONING

Summoning requires:

- knowledge;
- control;
- risk.

Summons may rebel.

23. DETECTION MAGIC

Can detect:

- magic;
 - curses;
 - spirits;
 - corruption.
-

24. ANTI-MAGIC

Methods:

- artifacts;
 - barriers;
 - rituals.
-

25. MAGIC ITEMS

Examples:

- staffs;
 - rings;
 - relics;
 - grimoires.
-

26. MANA POISONING

Symptoms:

- hallucinations;
 - pain;
 - madness;
 - death.
-

27. MAGIC DISEASES

Examples:

- mana fever;
 - soul corruption;
 - void sickness.
-

28. MAGIC FEAR

Most people fear magic.

Effects:

- distrust;
 - persecution;
 - violence.
-

29. MONSTER MAGIC

Creatures possess:

- innate magic;
 - instinctive magic;
 - ancient magic.
-

30. DIVINE MAGIC

Divine power requires:

- faith;
 - rituals;
 - devotion.
-

31. LOST MAGIC

Ancient spells are forgotten.

Rediscovery changes history.

32. FORBIDDEN MAGIC

Examples:

- soul destruction;
- time manipulation;
- world alteration.

Forbidden magic is dangerous.

33. SPELL MEMORY

Mages remember:

- spells;
 - rituals;
 - magical experiences.
-

34. MAGIC EDUCATION

Training requires:

- teachers;
- money;

- time;
 - reputation.
-

35. MAGICAL FACTIONS

Organizations control:

- magical knowledge;
 - artifacts;
 - teachers.
-

36. MAGIC AND STONE SLEEP

Some believe Mor'Talari are magical anomalies.

Others believe:

Stone Sleep is a curse.

Nobody knows.

37. AI-DM INTEGRATION

AI-DM describes:

- magical atmosphere;
 - consequences;
 - side effects.
-

38. NPC AI INTEGRATION

NPCs react differently to:

- mages;
 - magical artifacts;
 - corruption.
-

39. CORE QUESTION

Magic asks:

"How much are you willing to sacrifice?"

40. CORE RULE

Magic always gives power.

And power always has a price.
